Dear FDA:

It is imperative that the FDA requires the trans-fat content of FOODS BE LISTED ON LABELS OF COMMERCIAL PRODUCTS. This is a health threat & customers need to be informed of such contents in food products.

This is in relation to Docket No. 944-0036.

Sincerely,

K. F. Emerick

413 Ridgewood Rd.,
Shippenville, Pa., 16254

P.S. It is also important the genetically engineered foods should be clearly labeled and made known to the food buying public.
